Combined Cyber Security Expertise for the DACH Region: Com-Sys becomes InfoGuard Com-Sys and is now officially "An InfoGuard Company"

As of now, Communication Systems GmbH (Com-Sys) will operate under the new name InfoGuard Com-Sys GmbH, with the brand addition "An InfoGuard Company". This marks a significant milestone in the already successful partnership with leading Swiss Cyber Security expert InfoGuard AG, now visible both in appearance and in name.

Two Strong Brands. One Shared Mission

With this rebranding, one of the most powerful expert groups for Cyber Security in the German-speaking region has been formed, counting more than 350 employees, a comprehensive 360° Cyber Security portfolio, and dedicated 24/7-staffed Security Operations Centers (SOC) in both Germany and Switzerland. The clear vision: to protect enterprises in the DACH region with state-of-the-art, comprehensive Cyber Security and to make the world safer in the digital realm every day.

Added Value for Customers

- **Access to International Resources**
Integration into the InfoGuard Group opens up an expanded Cyber Security portfolio, access to international expert teams, standardized processes, and cutting-edge technology – including two high-security SOC's in Switzerland and Germany.
- **BSI-certified Incident Response**
As an officially BSI-qualified APT-Response service provider, InfoGuard Com-Sys offers even more professional response to security incidents, thanks to a specialized and highly experienced CSIRT (Computer Security Incident Response Team).
- **Innovative Services**
New offerings such as Managed Detection & Response (MDR), in-depth consulting, as well as highly specialised and comprehensive Penetration Testing and Red Teaming services are now available throughout Germany.

Management Structure & Company Development

Daniel Heinzig will remain Managing Director of InfoGuard Com-Sys GmbH. Alongside him, Ralf Haubrich, Chief Revenue Officer (CRO) of InfoGuard Com-Sys GmbH, as well as Thomas Meier, CEO of InfoGuard AG, and Peter Letter, Chairman of the Board of Directors of InfoGuard AG, make up the management team of InfoGuard Com-Sys GmbH.

"This merger is an investment in our future and that of our customers," states Daniel Heinzig, Managing Director of InfoGuard Com-Sys. "We do not merely want to keep pace with the developments in the cyber world – we want to actively help shape them." Thomas Meier, CEO of InfoGuard, agrees: "This step marks a significant milestone for InfoGuard – and, above all, for our clients. With our expanded team of experts, new locations and our comprehensive portfolio, we are excellently positioned. Our goal is clear: Together, we will do everything to ensure our customers are optimally protected today and in the future."
