InfoGuard appoints Dr Hannes P. Lubich to the Board of Directors

InfoGuard AG, the Swiss cyber security expert, is expanding its Board of Directors with the appointment of Doctor Hannes P. Lubich. Lubich, who has many years of experience and in-depth knowledge in the field of cyber security, will be assisting InfoGuard in continuing to develop the corporate strategy and aligning the portfolio with increasingly complex market needs, as well as aiding the company to expand its international operations.

The appointment of Emeritus Professor Hannes P. Lubich (born in 1961) means that InfoGuard is expanding its Board of Directors to include a renowned cyber security expert.

Lubich has worked in IT service management, IT security and risk management for over 30 years. At ETH Zurich, he worked as a researcher and lecturer and was instrumental in setting up the Internet and CERT in Switzerland. He then worked as CISO at Bank Julius Baer and as a strategy consultant at Computer Associates and British Telecom. From 2009 to 2019, he was a Professor of ICT Systems & Service Management at the University of Applied Sciences of Northwestern Switzerland. He also taught at ETH Zurich until 2014 and at the Norwegian University of Technology and Natural Sciences (NTNU) until 2018. He currently holds several directorships and advisory positions.

"We are very pleased to welcome Doctor Hannes P. Lubich, an internationally renowned cyber security expert, to the Board of Directors. His experience will make a significant contribution to the continued growth and strategic direction of InfoGuard, as a leading provider of comprehensive Managed Security & Cyber Defence Services and Incident Response in the DACH region," explains Peter Letter, Chairman of InfoGuard's Board of Directors.
